Il titolo dell'opera è "La vita è un sogno" e si riferisce al famoso monologo di Hamlet.

Ne sono molto
la mia vita.

The first section of the exhibition is devoted to the history of the book, from its origins in ancient Mesopotamia to the modern digital age. It features a large-scale illustration of a tree, symbolizing the growth and evolution of the written word.

The second section explores the impact of the printing press, which revolutionized the way information was disseminated. This section includes a display of early printed books and a detailed look at the printing process.

The third section focuses on the role of the book in the development of modern societies. It highlights the importance of literacy and the way books have shaped our world.

The exhibition concludes with a look at the future of the book, as digital technologies continue to transform the way we read and learn.

Let's journey through the world of books.
